Koningin Ithuriel's spear
*Triteleia laxa 'Queen Fabiola' - Bulb*

**Plant Type:** Bulb

**Flower Color:** Blue

**Flowering Time:** May to July

**Height:** 1.5-2 feet

**Width:** 1 foot

**Exposure:** Sun - light shade

**Water Req.:** Must be kept dry after blooming

**Habitat Value:** Native bees

**Comments and Maintenance:**
Many unbels of up-facing, bell shaped purple flowers in early summer. Leaves often shrivel before flowers appear in early summer. Plant 4-6" deep and 4-6" apart.
